Wyeth v. Impax Laboratories, Inc., Civil Action No.: 06-222 (D. Del.)

Dear Samuel:

I am writing in response to your letter of August 4, 2006 sent via e-mail to only me (and no other co-counsel, including local counsel) at the close of business. I was out of the office on Friday, August 4<sup>th</sup> and as a result, no one received your letter until this morning.

On August 2<sup>nd</sup>, I wrote to you specifically stating that we would accept your offer to pay for paper copies of certain production documents from Wyeth's NDA No. 20-699 (numbering over 86,000 pages) and that we would begin processing of those documents for production on an expedited basis. As a result, we incurred the copy costs prior to receipt of your letter and will charge you for that cost based upon your prior representation that you would reimburse us. We began production of Wyeth's NDA last week and will be shipping the remainder of Wyeth's production from NDA No. 20-699 to Impax outside counsel today and tomorrow.

With respect to the third paragraph of your letter concerning the cost of the document production, it has never been our position that we would charge Impax for the full cost of "gathering and processing documents," but only for the costs involved in producing a copy of production documents to Impax. Impax must have known that it would incur costs for document production at the time it requested the production of hundreds of thousands of pages of documents. Wyeth's position that Impax should bear the cost of this production is premised upon the disproportionate sizes of the parties' respective productions. We are still waiting to hear from Impax counsel regarding its estimate of the size of its production. Once we receive that estimate, we will be in a better position to discuss with you the proportionate costs of each other's production.

With respect to the deposition transcripts of the named inventors, Dr. Mangano and Mr. Alaburda, we are now processing those transcripts for production to Impax outside counsel.

We received a CD from Impax counsel with a cover letter indicating that it contains only 4513 imaged pages from Impax's ANDA No. 78-057. Please let us know whether it contains the entirety of Impax's ANDA, including any supplements to date, or whether Impax intends to produce additional material from that ANDA.

With respect to the proposed answer submitted by Teva in the Teva litigation, it remains our position that because Teva is the party who marked the document confidential, we are unable to unilaterally de-designate documents marked confidential by Teva and must await Teva's permission prior to production of that document.

We are in the process of reviewing the proposed protective order that you sent us and will provide you comments on that draft as soon as we are able.

We strongly disagree with your assertion that Wyeth has "erected [numerous barriers] to prevent the timely production of documents." To the contrary, Wyeth believes its actions have been more than reasonable. If you wish to discuss these issues further, please feel free to give me a call or write me a letter outlining your concerns.

Sincerely,

Linda A. Wadler

**Re: *Wyeth v. Impax Laboratories, Inc.*, No. 06-222**

Dear Linda:

This is in response to your letter of today's date.

Our compromise offer in our letter of July 31, 2006 to pay for a discrete set of paper copies was conditioned on receiving the documents by August 4, 2006. You did not accept our compromise offer to pay for the production of paper copies of a discrete set of documents by Friday, August 4, 2006 for the following reasons:

- You did not agree to produce any of the documents by Friday, August 4, 2006 and have not produced them by that date.
- You have begun production of Wyeth's NDA, but only in a "rolling production" calculated to deprive Impax of the opportunity to analyze that document in time for the August 10 deadline for amending pleadings. Moreover, you have not produced this document as kept in the ordinary course of business and as submitted to the FDA, but, rather, as an uncollated mass of paper further calculated to deprive Impax of the opportunity to analyze it in time for the August 10 deadline. You did not produce the entire NDA on August 4, which was the condition for our offer to pay for its production.
- You have not produced the deposition transcripts by August 4 and you stated in your letter of August 2 that that you would not produce these transcripts until Teva agreed to their production, even though they plainly do not contain Teva's confidential information. To date we have received no deposition transcripts. You did not produce the deposition transcripts on August 4, which was the condition for our offer to pay for their production.

- You refuse to produce the Proposed Amended Complaint in the Teva litigation even though it contains no Teva confidential information. You did not produce this document on August 4, which was the condition for our offer to pay for its production.

**In sum, because you have not produced any of these documents by August 4, 2006, which was the clear and unmistakable condition for our offer to pay for their production, we will not pay for their production.**

Because Wyeth has not produced the documents Impax requested in a time or manner to allow Impax the opportunity to analyze them prior to the August 10 deadline, and because Wyeth has refused to stipulate to an extension of that deadline, we will move for a modification of the Scheduling Order. We will further move to compel production by Wyeth of documents in response to our document requests in their native format without the numerous restrictions and conditions Wyeth has imposed on its discovery obligations.

Impax will also seek to file an amended answer and counterclaims, which is enclosed herein. For your convenience, we have also enclosed a red-line version of the amended answer and counterclaims indicating what has been amended. Please advise us by this Wednesday morning if Wyeth will stipulate to our filing this pleading or if we will be forced to move the Court for leave to file.

Sincerely,

Samuel F. Ernst
